

hanit® BOARD PROFILE

Standard, reinforced

The perfect profile for your unique fence construction project. Regardless of whether it's a pasture fence, pathway or railing, weathering is no longer an issue. There is also no risk of animals chewing, injury due to splinters, or health hazards due to chemically treated materials. The boards are strong, rot resistant, and break-proof as well as extremely long-lasting.

Material:

hanit® Recycled Plastics

Profile Measurements:

4,2 x 12 x 250 cm

Surface:

Structured, grained

Version:

Rectangular

Internal Steel Reinforcement
20 x 50 x 2 mm

Advantages:

High load capacity even for wide spans

Splinter-free

Rot-free

Note for all Board Profiles:

Temperature-dependent length fluctuation (up to +/- 1,5 %) can appear, please inquire about the maximum span.

..... With internal reinforcement
